Sunfish Lake Residents,

Thank you for giving us a chance to speak at your meeting at the end of June. The importance of fire prevention and early detection is key to ensuring the safety of your family.

I encourage you to review the information in the links below, as it may help save you or your loved ones. There are many topics when it comes to fire and life safety so I will occasionally send helpful tips and reminders to keep this information top of mind.

Smoke alarms don't last forever. Replace them after 10 years. <http://ontario.ca/c46g>

Fire doesn't take a vacation.

Test smoke & carbon monoxide alarms in your cottage/home this weekend. <http://ontario.ca/c5jl>

You may have only seconds to safely escape a fire. Practice your home fire escape plan. <http://ontario.ca/c46f>

Sincerely,

Andrew Mechalko
